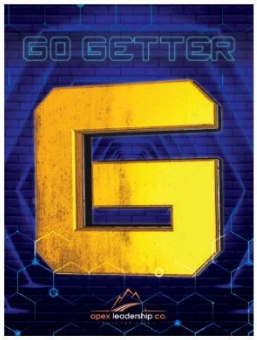
EXERCISE your leadership

At Apex, we're all about leadership. We use the following "GAME ON" leadership habits to change the game. And when we say change the game, we're talking about taking action to make a difference in the world around us. In order to change the world around us, we need to adopt these 6 habits. Every single student is a game changing leader, and there's no time to waste. Let's go!



Click here to watch today's video lesson.

Our first habit to help us change the game is to be a go-getter. A go-getter is someone that is always looking at ways to improve and get better every single day. Maybe we want to do better in school. Maybe we want to get better on the sports field. Maybe we're learning a new instrument we want to get better at. It can be anything. If you have a goal, or a dream you want to achieve don't wait to start working for it. Start now!

Apex Daily Challenge: Today, I pledge to be a go-getter by:

_____

Game changing leaders appreciate everything around them. They find value in the world, and they encourage positivity. Leaders appreciate who they are - their gifts, talents and all those characteristics that make us special, they appreciate everybody who help them grow and get better, and they appreciate all the amazing things in the world around them.

Apex Daily Challenge: Today, I pledge to be appreciative.

1) Write down one thing you value or appreciate about yourself, and why:

_____

2) Write down one person you appreciate, and why:

_____

3) Write down one thing you appreciate about the world, and why:

_____

Game changing leaders always move forward, and that means that we're focused on the future. No matter what happened in the past, we do not let that define us. No-one is perfect, so we shouldn't let mistakes or failures, worries or fears stop us in our tracks. Game changing leaders never quit!

Apex Daily Challenge: Today, I pledge to always move forward.

Write down 3 things you can do to stay focused on the future:

1) _____

2) _____

3) _____

Click here to watch today's video lesson.

To explore means we are always asking questions and we're curious about the world around us. It means we're not satisfied with what we already know, and we want to know more! By learning about or trying new things, we can push ourselves to do amazing things. Don't be afraid to dream.

Apex Daily Challenge: Today, I pledge to explore more.

Write down an invention you'd like to create and how it could change the world.

Game changers always put others first. They always recognize the needs of the people around them and they look to serve others. A game changing leader isn't afraid to help their family, their friends, and other people, even when it's inconvenient.

Apex Daily Challenge: Today, I pledge to put others first.

Write down 3 ways you can put others first & make them feel special today:

1) _____

2) _____

3) _____

In our final lesson, we have to ask ourselves, what do we do next? Where do we start to change the game? How can we take the steps to make a positive impact in our communities, our schools, at home, and the world around us? We can do that by having a positive attitude, and taking action!

Apex Daily Challenge: Today, I pledge to take action.

Write down how, through your actions, big or small, you can positively change the world around us:
